# Meeting Every Need

## Efficient and Dependable

The Personal Health Advocate (PHA) is a trained professional, typically a registered nurse, supported by medical directors and benefits and claims specialists, who understands the intricacies of the healthcare system and how to navigate through it. As soon as a member contacts us, they establish a relationship with a PHA who stays with them through to the resolution of the problem. Our PHAs demonstrate a commitment to service excellence, have strong problem-solving skills, and support members as they seek healthcare services and interact with providers and insurers. Personal Health Advocates handle claims, benefits, grievances, paperwork and other issues.

**Health Advocate can be accessed 24/7. Our normal business hours are Monday–Friday between 8 am and 9 pm Eastern Time. After hours and during weekends, staff is available for assistance with issues that need to be addressed during non-business hours.**

**Health Advocate is always at your side.**

## Benefits Advantage™

Personal Health Advocates help sort out and resolve claims and related paperwork problems. We work on coverage issues and help members understand the coding and payment rules that apply to their circumstances. Examples of how we help include:

- Researching a member's outstanding out-of-pocket responsibilities and resolving errors with providers and/or health plans
- Resolving eligibility problems and benefit and claim denials
- Uncovering charges incorrectly applied to the member's deductible
- Resolving questions about whether services are condition-specific or related to preventive care
- Coordinating benefits between dental, medical and other healthcare providers
- Resolving incorrect plan procedure interpretations, such as emergency room claims denied for a lack of pre-certification
- Assuring correct application of provider network status
- Uncovering errors in processing of "blind" network provider discounts
- Providing payers with additional information required to correctly pay a claim or apply a benefit

## Health Cost Estimator™ (HCE)

HCE provides members with zip-code based cost estimates for common medical services and procedures. Personal Health Advocates provide members with personalized and easy-to-understand reports highlighting a range of comparative cost estimates for the service in question, and will help answer any questions members may have.

## Fee Negotiation

When necessary, Health Advocate can attempt to negotiate fees with healthcare providers to lower the member's out-of-pocket costs. This is often done prior to the member receiving services. We can also review questionable bills to catch duplicate or erroneous charges.

## Appeals Advice

Our first approach is to resolve disputes and issues through discussion; however, when appropriate, we will provide advice or assistance to members when filing a complaint or grievance with their health insurer or health plan administrator. We can provide the member with guidance regarding their appeal rights and when all other means have failed, and we agree that the issues are valid, we can help the member formulate the argument, gather supporting documentation and write the letter of appeal to the health plan. In addition, and if appropriate, Health Advocate can telephonically represent a member during a hearing.

## Coverage Advantage™

If there are questions of coverage for a particular service, or if coverage for clinical care has been denied, the Personal Health Advocate can help members through the review and appeals process. We can also assist in identifying alternative coverage options when necessary.

PHAs can help with:

- Obtaining exceptions for a member to see providers outside of their capitated relationships, if appropriate
- Obtaining referrals for required services
- Locating in-network suppliers and obtaining plan approval for the use of out-of-network suppliers for necessary healthcare equipment and supplies that are not available from in-network suppliers
- Obtaining transitional care coverage at an in-network benefit level when medically necessary
- Resolving questions of denial of benefits deemed to be non-covered, not medically necessary or ineligible
- Counseling members regarding current benefit costs and the cost of alternative approaches
- Helping members understand the process for obtaining coverage for medical equipment, devices, supplies (e.g., hearing aids, diabetic supplies, compression stockings)
- Answering coverage questions
- Providing information regarding benefit level coverage comparisons for various providers
- Transitioning members from out-of-network to in-network providers
- Assisting members with the preauthorization and predetermination process
- Locating “hard-to-find” IV drugs or home care services to facilitate hospital discharge
- Assisting employees with disability coverage questions and helping them get back to work
- Resolving eligibility questions involving disabled dependent rules, Family Medical Leave Act, COBRA, etc.

## Healthcare Coaching

Personal Health Advocates provide members with the information necessary to help them become active participants in the management of their health.

- Answers questions, and provides information and resources about medical terms, tests, medications and treatments
