

## \$9 Generic Medication List

Blue Cross Blue Shield of Massachusetts offers our members 90-day supplies of certain generic medications for just \$9 when the prescription is filled by mail order through Express Scripts®, an independent company that administers your pharmacy benefits on behalf of Blue Cross Blue Shield of Massachusetts.

The following list includes those medications that are available for \$9. Normal prescription guidelines apply, which in some cases results in prescription supplies for fewer than 90 days. If your copayment for a 90-day supply through mail order is less than \$9, you'll pay the lesser amount. \$9 price is based only on quantities stated below. The price of the medication may differ if the quantity purchased is different. The \$9 price is subject to change, so you should always confirm your cost prior to filling a prescription.

To search for the cost of medications, create or log in to your Express Scripts account at [express-scripts.com](http://express-scripts.com), select Go to Full Order Status under Recent Order Status.

This list is up-to-date as of January 1, 2019. You can find the latest information about your medications by visiting [bluecrossma.com/medications](http://bluecrossma.com/medications).
