Important Notice Regarding Your Benefits

If you decline enrollment for Medical benefits for yourself or your eligible dependents because of other health insurance or group health plan coverage, you may be able to enroll yourself and your eligible dependents in the Medical benefits provided under this Plan if you or your eligible dependents lose eligibility for that other coverage (or if the other employer stops contributing towards your or your dependents’ other coverage). However, you must request enrollment within 30 days after your or your eligible dependents’ other coverage ends (or after the other employer stops contributing toward the other coverage).

In addition, if you have a new dependent as a result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself, your spouse and your new eligible dependent children. However, you must request enrollment within 30 days after the marriage, birth, adoption, or placement for adoption.

If you request a change due to a special enrollment event within the 30-day timeframe, coverage will be effective the date of birth, adoption or placement for adoption. For all other events, coverage will be effective the first of the month following your request for enrollment.

The Plan must allow a Health Insurance Portability and Accountability Act (HIPAA) special enrollment for employees and dependents who are eligible but not enrolled if they lose Medicaid or Children’s Health Insurance Program (CHIP) coverage because they are no longer eligible, or they become eligible for a state’s premium assistance program. Employees have 60 days from the date of the Medicaid/CHIP event to request enrollment under the Plan. If you request this change, coverage will be effective the first of the month following your request for enrollment. Specific restrictions may apply, depending on federal and state law. To request special enrollment or obtain more information, contact THCS at thcs@simmons.edu or 617-521-2084.

Privacy Notice Reminder

The privacy rules under the Health Insurance Portability and Accountability Act require the Simmons Employee Benefit Plan (the “Plan”) to periodically send a reminder to participants about the availability of the Plan’s Privacy Notice and how to obtain that notice. The Privacy Notice explains participants’ rights and the Plan’s legal duties with respect to Protected Health Information (“PHI”) and how the Plan may use and disclose PHI.

Important Notice about Creditable Prescription Drug Coverage and Medicare

The purpose of this notice is to advise you that the prescription drug coverage listed under the Simmons medical plan is expected to pay out, on average, at least as much as the standard Medicare prescription drug coverage will pay in 2015. This is known as “creditable coverage.” Why is this important? If you or your covered dependent(s) are enrolled in any prescription drug coverage during 2015 listed in this notice and are or become covered by Medicare, you may decide to enroll in a Medicare prescription drug plan later and not be subject to a late enrollment penalty— as long as you had creditable coverage within 63 days of your Medicare prescription drug plan enrollment. You should keep this notice with your important records. If you or your family members aren’t currently covered by Medicare and won’t become covered by Medicare in the next 12 months, this notice doesn’t apply to you.

Notice of Creditable Coverage

Please read this notice carefully. It has information about prescription drug coverage with Simmons and prescription drug coverage available for people with Medicare. It also tells you where to find more information to help you make decisions about your prescription drug coverage. You may have heard about Medicare’s prescription drug coverage (called Medicare Part D), and wondered how it could affect
you. Prescription drug coverage is available to everyone with Medicare through Medicare prescription drug plans. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans also offer more coverage for a higher monthly premium.

Individuals can enroll in a Medicare prescription drug plan when they first become eligible, and each year from October 15 through December 7. Individuals leaving employer/union coverage may be eligible for a Medicare Special Enrollment Period (SEP).

If you are covered by one of the Simmons prescription drug plans listed below, you’ll be interested to know that coverage is, on average, at least as good as standard Medicare prescription drug coverage for 2015. This is called creditable coverage. Coverage under these plans will help you avoid a late Medicare Part D enrollment penalty if you are or become eligible for Medicare and later decide to enroll in a Medicare prescription drug plan.

- BCBSMA HMO Higher Ed Blue Plan
- BCBSMA PPO Higher Ed Blue Plan

If you decide to enroll in a Medicare prescription drug plan and you are an active employee or family member of an active employee, you may also continue your employer coverage. In this case, the employer plan will continue to pay primary or secondary as it had before you enrolled in a Medicare prescription drug plan. If you waive or drop Simmons coverage, Medicare will be your only payer. You can re-enroll in the employer plan at annual enrollment or if you have a special enrollment event for the Simmons plan.

You should know that if you waive or leave coverage with Simmons and you go 63 days or longer without creditable prescription drug coverage (once your applicable Medicare enrollment period ends), your monthly Medicare Part D premium will go up at least 1% per month for every month that you did not have creditable coverage. For example, if you go 19 months without coverage, your Medicare prescription drug plan premium will always be at least 19% higher than what most other people pay. You’ll have to pay this higher premium as long as you have Medicare prescription drug coverage.

In addition, you may have to wait until the following October to enroll in Medicare Part D.

You may receive this notice at other times in the future – such as before the next period you can enroll in Medicare prescription drug coverage, if this Simmons coverage changes, or upon your request.

For more information about your options under Medicare prescription drug coverage

More detailed information about Medicare plans that offer prescription drug coverage is in the Medicare & You handbook. Medicare participants will get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare prescription drug plans. Here’s how to get more information about Medicare prescription drug plans:

- Call your State Health Insurance Assistance Program (see a copy of the Medicare & You handbook for the telephone number).
- Call 800-MEDICARE (800-633-4227). TTY users should call 877-486-2048.

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available from the Social Security Administration (SSA). For more information about this extra help, visit SSA online at www.socialsecurity.gov or call 800-772-1213 (TTY 800-325-0778).

Remember: Keep this notice. If you enroll in a Medicare prescription drug plan after your applicable Medicare enrollment period ends, you may need to provide a copy of this notice when you join a Part D plan to show that you are not required to pay a higher Part D premium amount.
For more information about this notice or your prescription drug coverage, contact:

Date of Notice: May 2015

**Women’s Health and Cancer Rights Act**

As required by federal law, these benefits include reconstructive surgery for a member who is receiving benefits for a mastectomy and who elects breast reconstruction in connection with the mastectomy. This health plan provides benefits for: all stages of reconstruction of the breast on which the mastectomy was performed; surgery and reconstruction of the other breast to produce a symmetrical appearance; and prostheses and treatment of physical complications at all stages of mastectomy, including lymphedemas. These services will be furnished in a manner determined in consultation with the attending physician and the patient.

**Newborns’ and Mothers’ Health Protection Act of 1996**

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

To obtain a copy of the Privacy Notice or for more information on the Plan’s privacy policies or your rights under Health Insurance Portability and Accountability Act (HIPAA), you may contact THCS.

**Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)**

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 877-KIDS NOW or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call 866-444-EBSA (3272).
If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of January 31, 2015. Contact your State for more information on eligibility.
