

Field Education Interview Checklist

I. Getting Ready for the Interview:

- Make sure to confirm the names(s) of the person(s) you will be meeting with, for how long, and whether this will be an individual or group interview
- Inform the field faculty member you are working with of the date of the Interview
- Make sure to bring extra copies of your updated professional resume
- Dress professionally – even if the setting has a dress code that is more casual
- Be prepared to answer questions; review your learning goals
- Learn about the agency—be prepared to ask questions that reflect your interest in their program
- If you think that a mock interview would help, contact The Career Center to arrange for one

II. During the Interview:

- Make sure to find out about the breadth and depth of learning opportunities including typical case assignments
- Ask if there are required days for the internship so that you will be prepared to plan class schedules without conflict
- Ask about expected time commitment (hours per day, required evenings, length of commitment—for example, a school setting may require a commitment to the end of the school year)
- Ask what experiences they have had with students and what qualities they are looking for in a student intern
- Ask about a daily schedule—what would a typical day look like
- Be prepared to describe your experience, including vignettes from your Year I placement, to emphasize your strengths, openness to learning, and learning goals
- Take in the culture of the agency; observe appropriate dress

III. After the Interview:

- Thank the Interviewer with an email
- Placements fill quickly, so follow up with your field faculty member as soon as possible!
- Speak with your field faculty member about any concerns you might have BEFORE refusing a placement offer
- DO NOT refuse an offer without first speaking with your contact in the Field Department

IV. Once you have accepted an Internship, it is your responsibility to:

- Ask about necessary clearances needed prior to start of internship including, but not limited to: health clearance (immunization record, TB test, drug testing, Hepatitis immunization), CORI, or fingerprinting. Also inquire about any necessary orientations or trainings that may take place prior to the internship start date.
