\*It is **strongly recommended** to complete these courses by the end of second year. If this is not possible, please consult with your advisor(s).

\*\*Students may take any of the following Chemistry sequences to fulfill the requirements:

- CHEM 101
- CHEM 110

**Capstone**

Public Health seniors will complete their capstone requirement by taking the Public Health Senior Seminar (PH 347), plus will undertake either: a one-semester senior internship, a one-semester research experience, or a two-semester thesis across the last two terms. All students will make a poster presentation and submit an internship paper, research paper, or research thesis as the final products of their capstone experience. Arrangements for satisfying the capstone requirement must be made with the student's public health advisor three semesters before the student's planned date of graduation.
