Ovia Health

Support to help you and your family through some of life's biggest transitions.

Ovia offers support for reproductive health, starting a family, having a healthy pregnancy, balancing life as a working parent and managing menopause.

Ovia Health features three mobile apps: **Ovia** (formerly Ovia Fertility), **Ovia Pregnancy**, and **Ovia Parenting**.

Each app offers access to daily, personalized articles and tips, instant analysis and feedback on your health data, and unlimited in-app messaging with Ovia Health's team of experts including registered nurses, nurse practitioners, social workers, mental health counselors, nurse midwives, lactation consultants, and infant and child sleep consultants.*

Ovia

Ovia offers support for overall reproductive health including pre-conception, looking to conceive, conception, and perimenopause or menopause.

Ovia Pregnancy

Watch baby grow, track a pregnant woman's health and progress, and talk to a health coach for support through every pregnancy milestone.

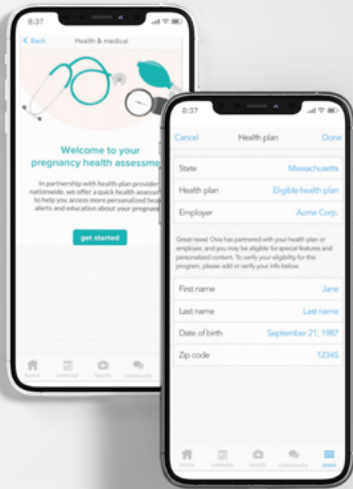

Ovia Parenting

Track newborn and infant health, find answers to parenting questions, and receive personalized, age-specific guidance from Ovia's in-house experts. Parenting supports single parents, co-parents, and multiple caregivers with shared accounts so that everyone can stay involved.

Harvard Pilgrim Health Care includes Harvard Pilgrim Health Care, Harvard Pilgrim Health Care of New England and HPHC Insurance Company.

Ovia apps are a great daily support system if you are:

- › Interested in tracking and understanding your reproductive health and fertility
- › Trying to start or grow your family, whether that's through pregnancy, adoption or surrogacy
- › Already pregnant
- › The parent of a newborn, baby and/or toddler, or school-aged child to adolescent
- › Preparing for or returning from parental leave
- › About to start the menopause journey

Download the Ovia app(s) right for you and activate your account
